Hi!

I love Super Auto Pets. I had a really cool run that I liked a lot recently. I was planning to upload a screenshot of my win screen to the Internet Archive. Would you all be ok with that?

I would put it under a Creative Commons License with no derivatives and no commercial use restrictions. I'd just like an online source that I trust to host it, and I have no means of infringing on your copyrights.

I do public domain research for Internet Archive, and am very familiar with their licensing policy! Please let me know what you think, and if you have more questions or need to know anything.

Best,
